## Fuel tank bag

The specially designed fuel-tank bag is made of nylon and PVC, with inserts in the same material as the saddle and matching the overall graphics. The bag support has been designed to fit perfectly around the fuel-tank without compromising the splendid graphics, is further enhanced by the California Vintage logo and a specially designed rain cover. The bag can also be detached and used as a convenient backpack.

## Tail Bag

The tail bag has been designed specially for California Vintage and is extremely stylish: its shape follows the lines of the bike while the inserts, in the same material as the saddle, have the same graphics, and is further enhanced by the California Vintage logo. With a built-in nylon support, the bag can be easily and safely attached to the carrier; it is also big enough for a helmet, thanks to an easily removable inner bag.
